

Scrubs and Scribbles:

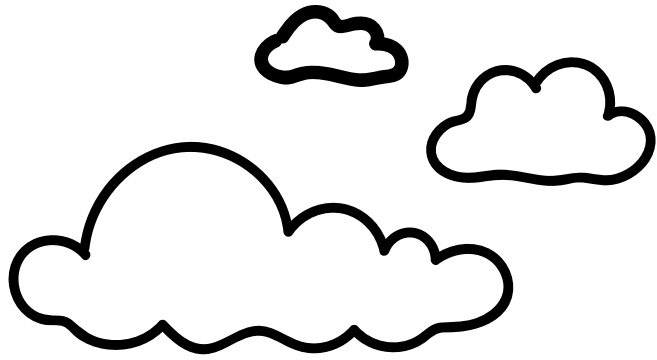

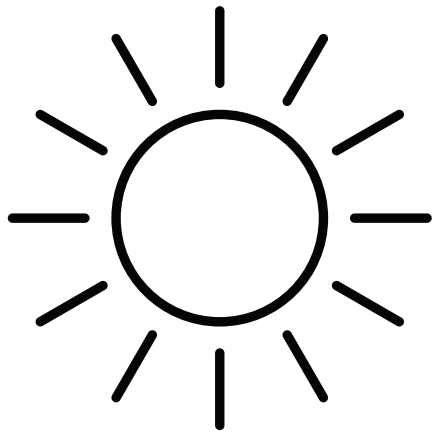

A Behind the Knife

Activity Book

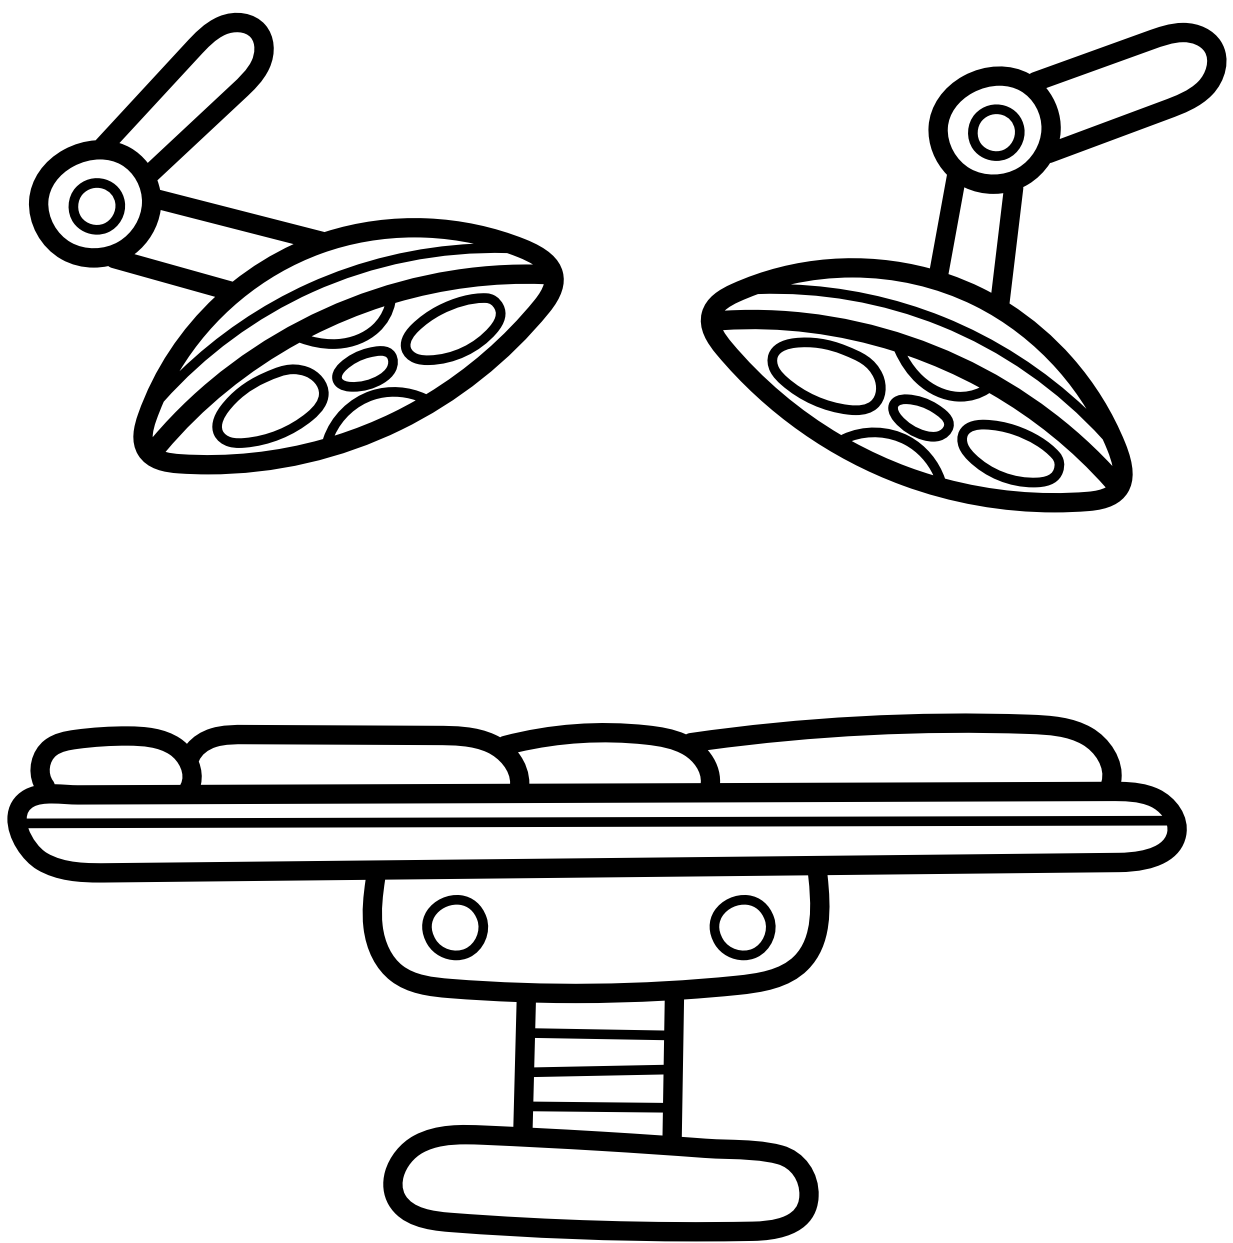

*My Dad is
a surgeon!*

My Dad is a surgeon!

He works at a hospital. A hospital is where people go when they are sick.

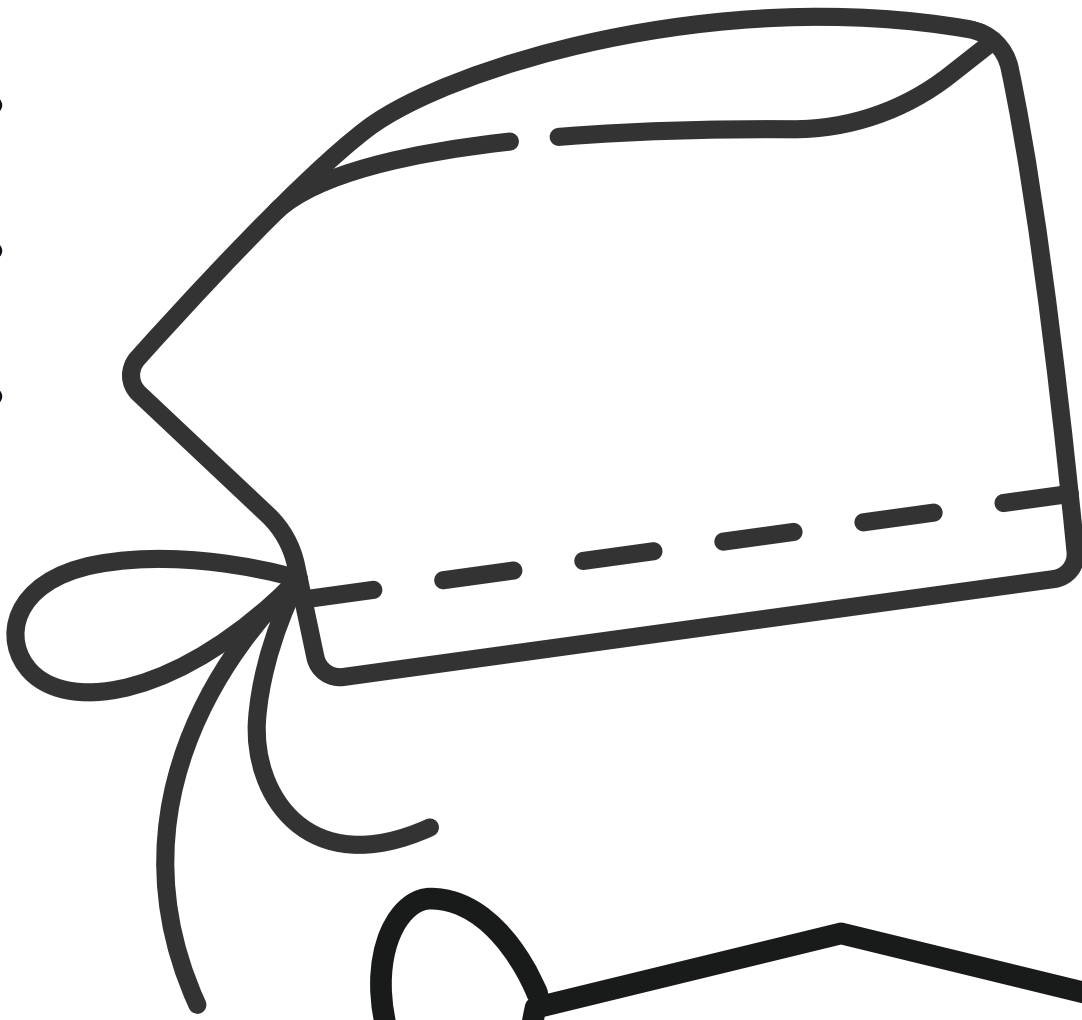

My Dad performs
operations to make
people feel better.

Draw a picture of you and
your Dad.

Sometimes, my Dad has to stay late at the
hospital. Even if he misses my bedtime or a
soccer game, I know he is helping other
people and that makes me proud.

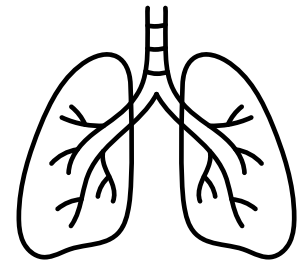

Design a surgical hat and
mask for your Dad.

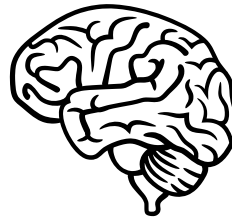

Brain

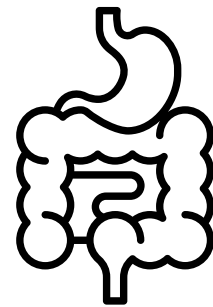

Lungs

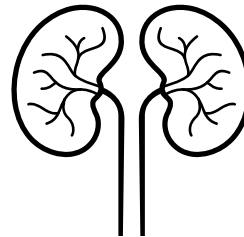

Digestive
system

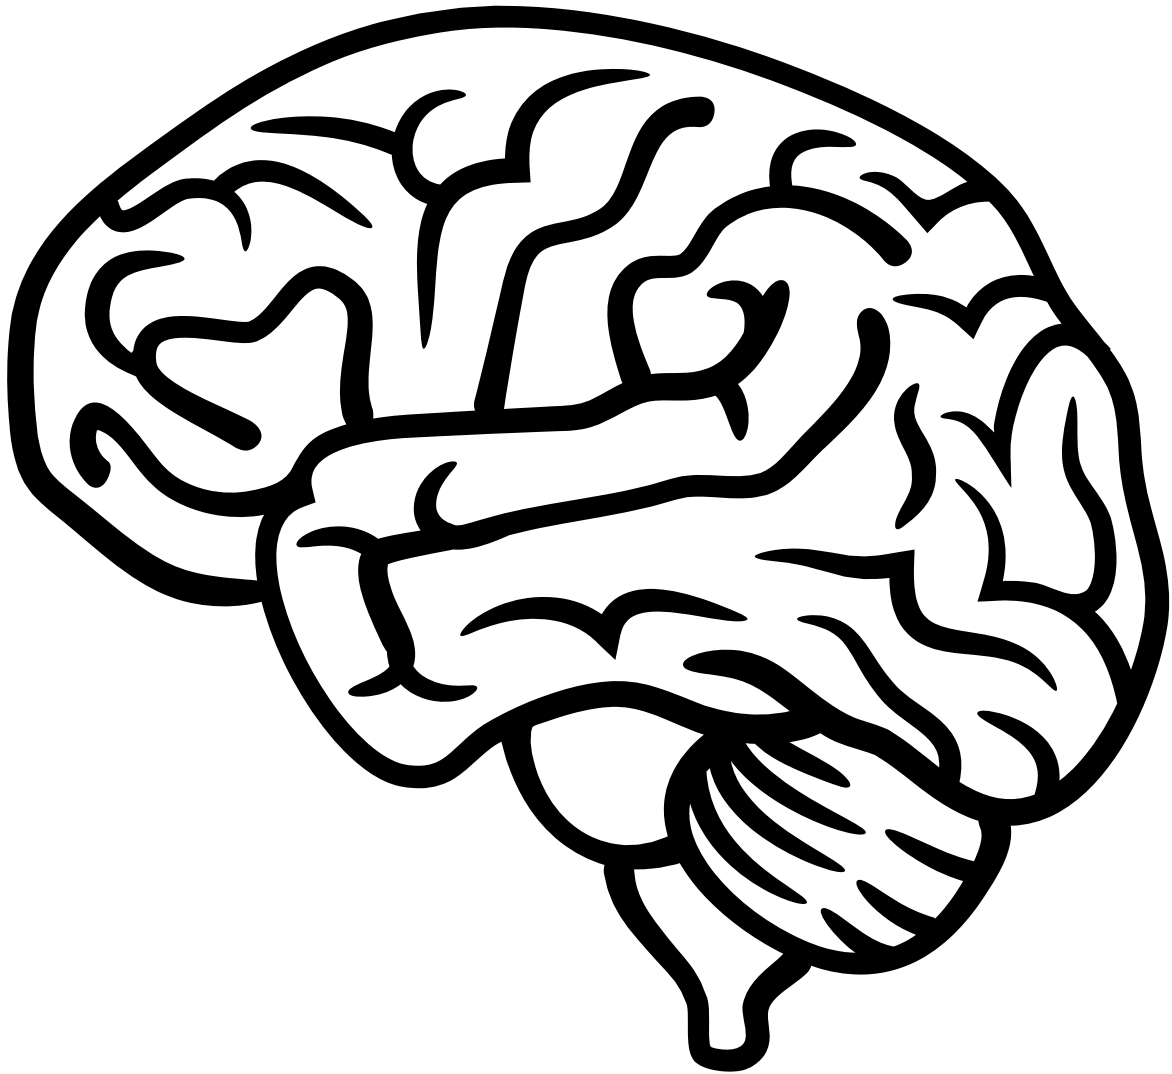

Kidneys

Heart

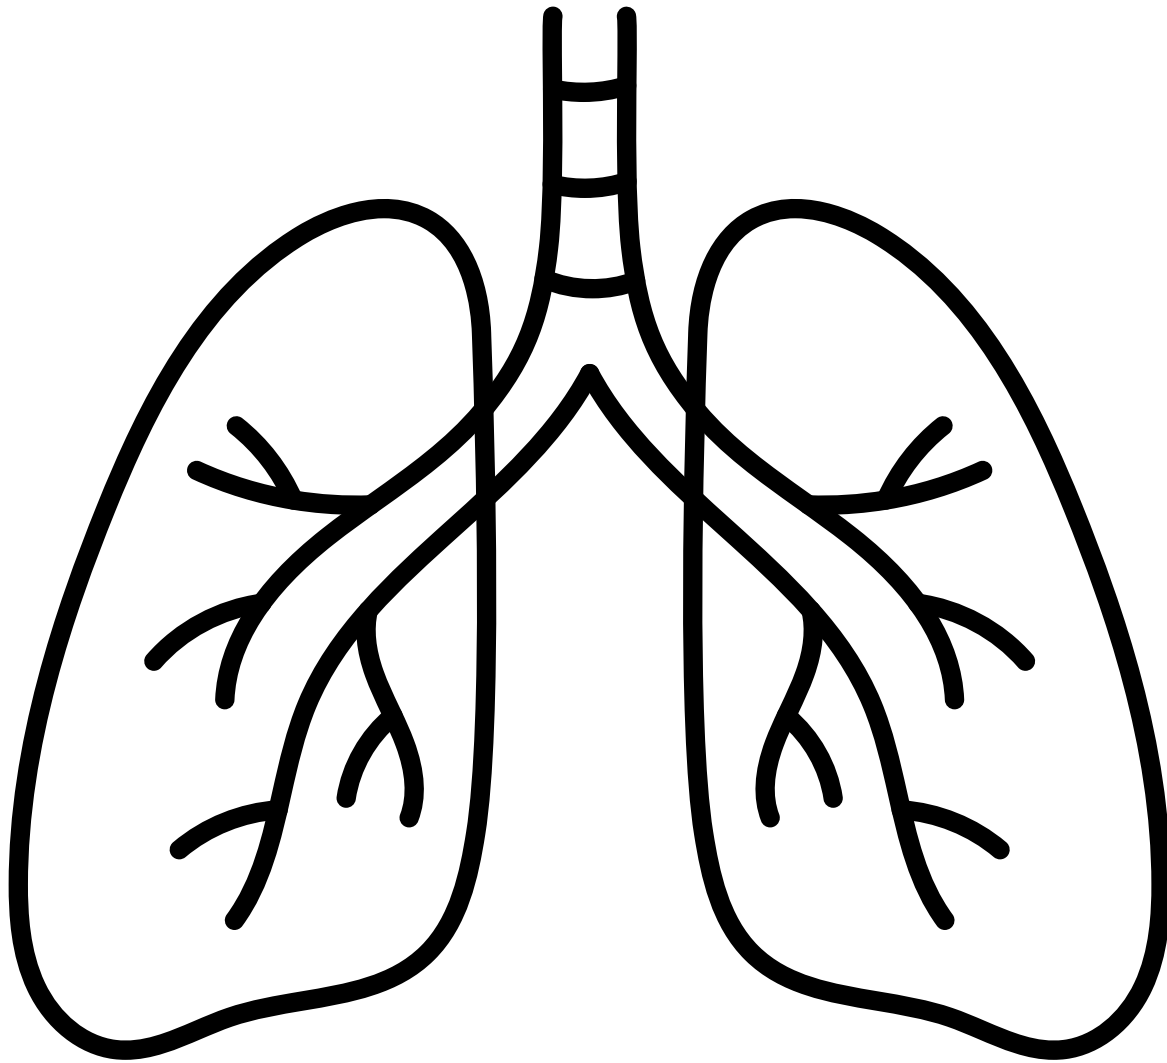

Surgeons must know a lot
about the human body.
Can you draw a line from
the body part to it's name?

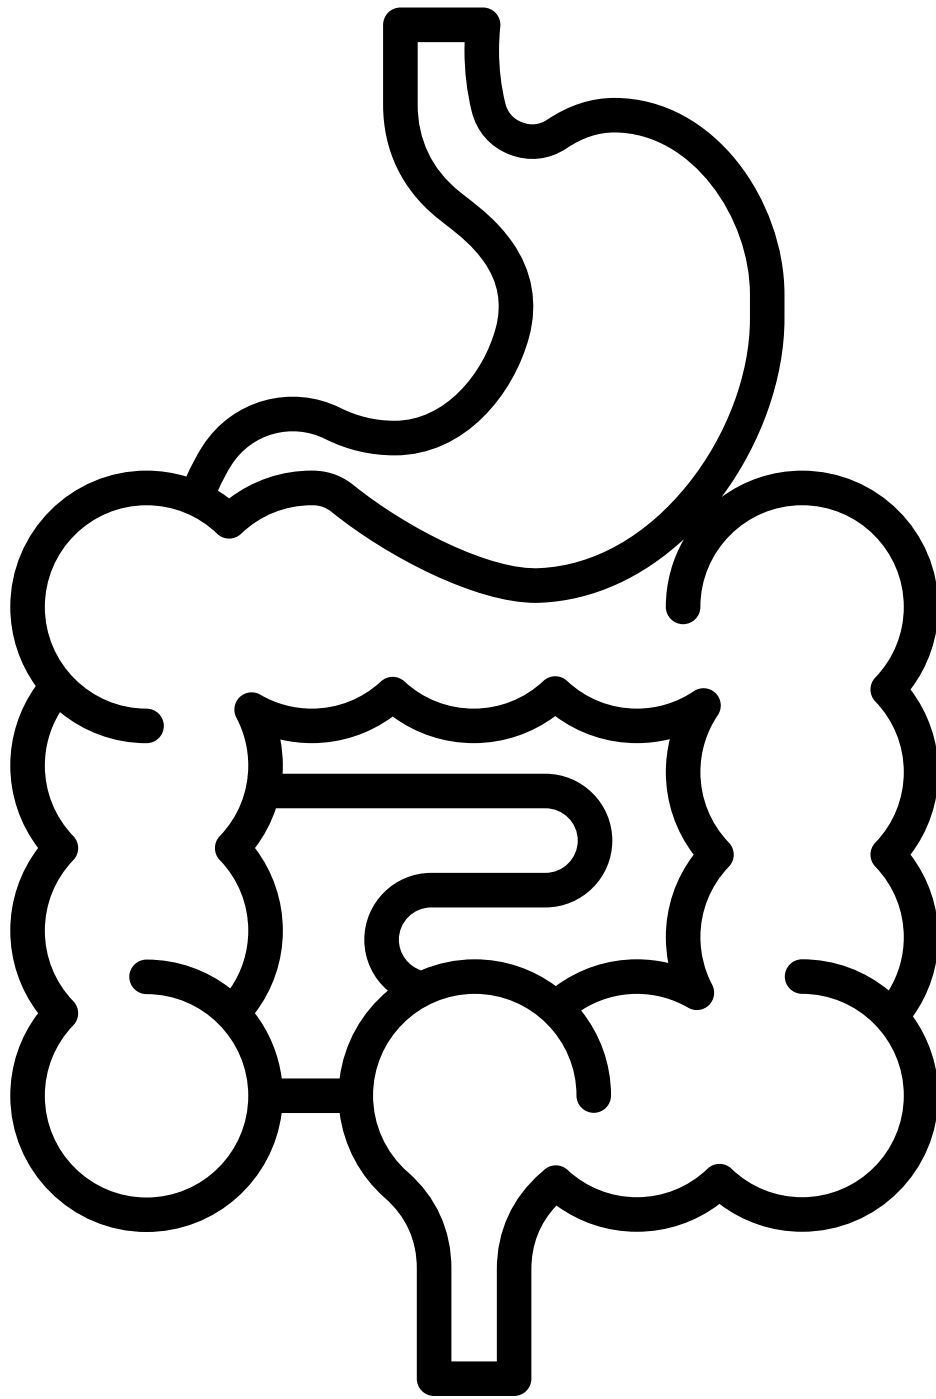

The brain is your body's
own supercomputer.

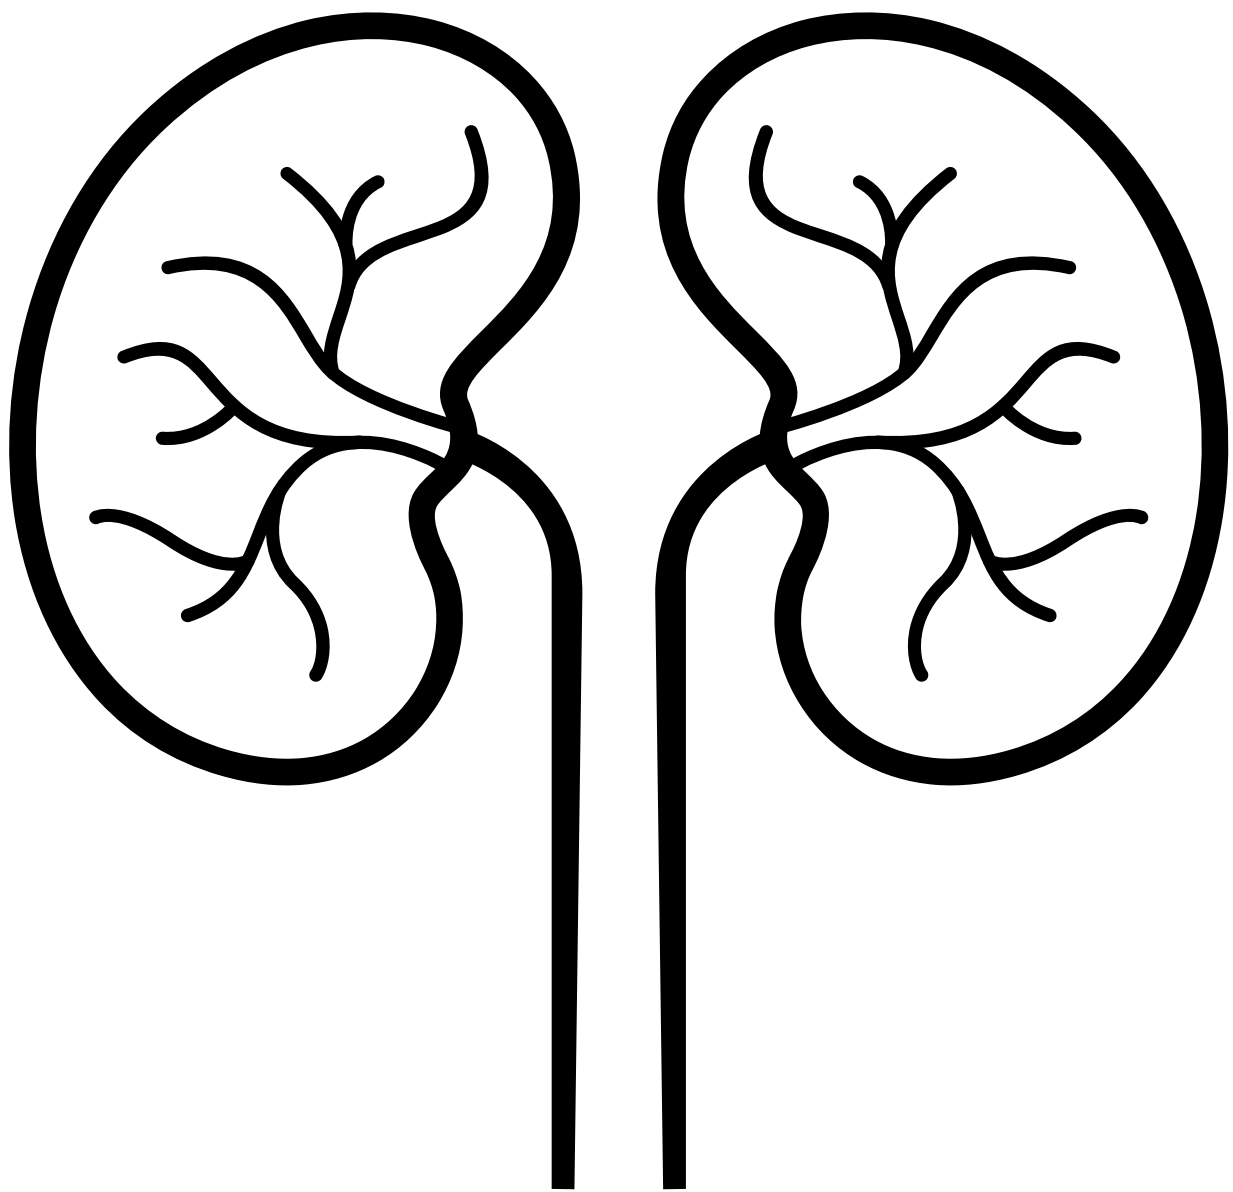

The heart pumps blood to
your entire body.

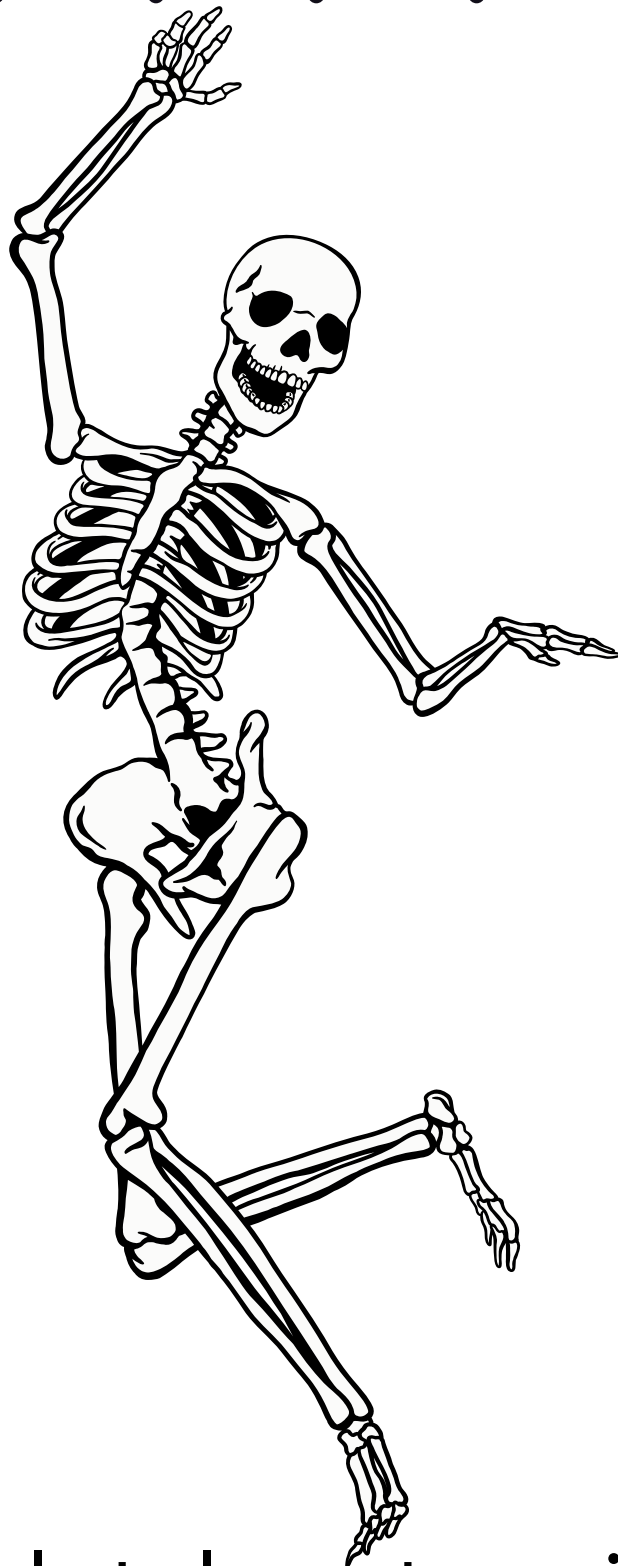

The lungs breath in oxygen
and out carbon dioxide.

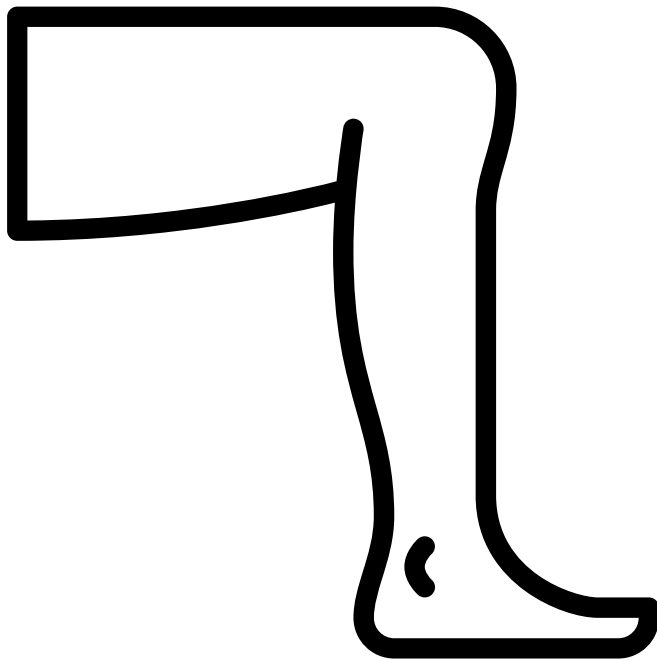

The digestive system
absorbs nutrients from
food.

The kidneys clean the
blood.

The skeletal system is made
up of 206 bones.

Muscles allow your body to
move and groove.
